S205-B - Additional Information

The S205-B is widely regarded as the go-to turbocharger upgrade for EVO owners looking to tune their vehicles up to and over 500bhp.

This unit is recommended for vehicles running forged engines with a 2.0l displacement. For those with a forged 'stroked' engine looking for additional top-end performance, please see the S214-B.

Supporting Modifications

*Effective operation of the turbo will require the following supporting modifications as a minimum:

- Engine management re-map
- Induction kit or suitable intake upgrade
- Front-mounted intercooler upgrade
- Full turbo-back free-flow exhaust system
- Forged engine required
